

Dear Doctor,

We are pleased to invite you to participate in the “A State-of-the-art Program to Initiate Robust capacity-Enhancement (ASPIRE)”. This program is an educational initiative of Novo Nordisk India.

The purpose of this program is to build capacity of doctors across India in Diabetes and Hypertension management.

This programme is a mix of classroom session/live interactive session virtual live interactive session and self learning content.

You will receive emailers on regular basis related to educational program. We will not be sending any promotional mailers to your E-mail address.

We request you to provide your consent towards the following hereby. Please note that the granting of the consent is voluntary and may be revoked by you in alignment with local data privacy law. You can always contact us with questions or concerns about how we process your personal data.

I would like to participate in the programme
